

## Welcome Newspaper Clients!

The zipped file you have downloaded is the **updated** reprint promotional material from dotPhoto. These files reflect dotPhoto's new, updated look and feel and can be used to help promote your photo reprint service.

You will find the following:

- Two high-resolution .eps files of the dotPhoto logo (one color, one black and white).
- One dotPhoto reprint button for your website. You can embed this link into the button and post it on your website:  
<http://www.dotphoto.com/go.asp?!=your user name here>
- Three high-resolution .eps files (shown below and labeled by size) for you to edit in the print layout software of choice. Please add in your newspaper URL, in the correct locations, see images below (be sure to center appropriately).
